About the Farm

The Living City® Farm, a 4.8 hectare farm located at The Kortright Centre for Conservation in Vaughan, is operated by Akachi Farms on Toronto and Region Conservation (TRCA) owned land. The farm is an attractive biodynamic enterprise right in an urban area, where the rich, biodiverse ecosystem is respected. In return, nature gives us delicious crops that sustain us for eight months in a year.

Akachi Farms partners with The Kortright Centre to deliver educational workshops for the public to learn about food, farming and nature. In 2017, over 1,000 school children, from preschool to high school, visited the farm.

About the Farmer

Akachi Farms is owned by Buchi Onakufe who has a BSc in Microbiology. Farming since 2011, Buchi is passionate about the earth's ability to sustain us with high quality organic food. She is keen to introduce unique produce to Canadians and provides a sustainable harvest of a large variety of vegetables.
